

# SUPPORT TASSIE'S TAFE

## Say no to Liberal Party's privatisation plan

Tasmania's public TAFE delivers high quality training and education with 86% employer satisfaction and the highest student satisfaction rates and top apprentice completion rates nationally.

Our TAFE needs more government investment, not the Liberal Party's privatisation plan that will shift costs to students and employers, delay economic recovery and diminish training and education.

Similar TAFE privatisation plans in South Australia resulted in the closure of multiple regional campuses and large job losses.

We demand the Tasmanian Liberal Government withdraw their TasTAFE privatisation plan and sit down with hardworking TasTAFE teachers and support staff to hear how we can rebuild Tasmania's economy with TAFE training and education leading the way.
